### Highlight of the Month—TumbleBooks

The Base Library offers online database training to all library patrons. This month's training focuses on TumbleBooks. This program is a great way to encourage young children to read. The database offers a wide selection on books on various reading/age levels. Once a book is chosen, the child listens to it while it is being read to them. Upon completion of the book, there are online quizzes, games, and lesson plans for the parent. This allows the child and the parent the opportunity to monitor the reading comprehension and promotes early learning for pre-schoolers.

For more information, visit the library's website at <http://library.seymourjohnson.accqolnet.org>. On the left side of the homepage, users should click on the "Research Databases" for access to the TumbleBooks.

NOTE: Patrons will need to contact the library for a username and password.

## Check out the Historical Digital Collection

The Seymour Johnson Historical Digital Collection is a collaborative effort between the base library and the base history office to preserve and provide access to images, documents, and artifacts depicting the history of the 4<sup>th</sup> Fighter Wing and SJAFB. The collection currently consists of emblems, lineage and honor histories of units under the 4<sup>th</sup> Fighter Wing umbrella; 4<sup>th</sup> Fighter Wing commander pictures and biographies; aircraft flown by Seymour Johnson and 4<sup>th</sup> Fighter Wing controlled units; and images, documents, and artifacts related to all military conflicts in which 4<sup>th</sup> Fight Wing units have taken part.

The goal of this project is to digitally preserve all aspects of 4<sup>th</sup> Fighter Wing and SJAFB history. In the future we hope to include back issues of "Seymour Scope," the base newspaper, as well as oral interviews and personal recollections from veterans based at Seymour Johnson. We welcome any suggestions to improve this collection. If you have any questions regarding this project or would like to donate items to the collection, please direct these inquiries to the base library.
