

Space A Policy

01 February 2022

Space-Available (Priority 2 guests) reservations for VQ rooms may be made up to 60 days in advance of their arrival date for up to 7 night accommodations, depending on the projected base occupancy and at the lodging managers' discretion.

Space-A reservations for TLF rooms may only be made up to 7 days in advance in accordance to AFMAN 34-135. Due to high volume PCS season, 01 May through 30 September TLF reservations can only be made 3 days in advance and may only be granted for 3 days at a time.

Priority 1 customers will not "bump" Priority 2 customers with confirmed reservations, nor will they bump them once they are assigned quarters (checked in) for a specific period of time, except in times of contingency, emergency, or when the installation commander determines higher priorities exist. A confirmed reservation may not guarantee a specific room type.

Space available guests must provide a valid credit card against their account and will pay in advance at check in for their entire lodging stay.

Space available reservations will adhere to the cancellation/no show policy.
