

# Welcome to the World of Youth Sports

This should be quite an experience for you and your child. Our primary purpose is to provide quality, leisure time activities that motivate and build self-esteem in your child through the use of volunteer coaches. There are two main objectives we consider very important for all players in the Youth Sports program. Our first objective is to provide a safe sports program that covers the players, coaches and parents. The second objective is for the players to have fun and enjoy the game. The key ingredients needed in any youth sports program is a well-trained and motivated coach that makes the game fun and enjoyable. If you have any questions or concerns about the Youth Sports program, we are always available and will be glad to answer your questions.
